6. Other Practical _____
7. Other (please specify) _____

Date of Retirement: _____

- Yes, I am an Early Career Epidemiologist- practicing for 10 years or less.
If you checked 'YES' for ECE, please enter the completion date of your first epidemiological qualifying degree

Format: mm/dd/year

The IEA and its Aims

The International Epidemiological Association now has close to 2000 members in over 100 different countries who follow the aims of the Association to facilitate communication amongst those engaged in research and teaching of epidemiology throughout the world, and to encourage its use in all fields of health including social, community and preventative medicine. These aims are achieved by holding scientific meetings and seminars, by publication of journals, reports, monographs, translations of books, by contact amongst members and by other activities consistent with these aims. Members are accepted without regard to race, religion, sex, political affiliation or country of origin.

The Association publishes its own Journal, the **International Journal of Epidemiology**, which is published bi-monthly, a complimentary electronic access, which is included in the membership dues. (A subscription to the print version of the journal can be purchased for an addition \$15/year. This option is not available for discounted membership categories, such as, student, ECE, joint, and senior members.) There is a small reduction in dues for those willing to pay for 3 years in advance, and there are differential rates of subscription for members in different parts of the world. Please also note that subscriptions are for a full calendar year (i.e. 1 January - 31 December). The current membership dues are shown on the following page.

International Scientific Meetings are held triennially in different parts of the world. The last meeting was held in Anchorage, Alaska, USA, in 2014 and the next will be held in Saitama City, Japan, in August 2017. Regional Scientific Meetings are held at regular intervals throughout the world.

More information about the Association's aims and activities can be found on its web site at **www.IEAWeb.org**

NEW APPLICATIONS ONLY

I subscribe to the above aims and objectives of the IEA and wish to become a member.
